## FOR IMMEDIATE RELEASE

**Date:** June 16, 2022  
**Contact:** Tyson Carter, Assistant Director for Operations  
**Re:** Forever Wild Connector A Trail Closure

Beginning Monday, June 20th, the Connector A portion of the Forever Wild trails will be closed due to a sewer line rehabilitation project that runs parallel to that section of the trail. This trail section connects the North Trail head, off Flowers Chapel Road (Beaver Tail Flats), to the boardwalks.

All trail heads will be open, and all trails will be open, except for Connector A. You will not be able to access the other trails or the boardwalks from the North Trail Head off Flowers Chapel Road and you will not be able to access the North Trail Head from the East or West trail heads, located on Fortner St. The work is expected to take about two months and we hope to have Connector A reopened by mid-August. Barricades and signage will be in place to block off Connector A. Please do not attempt to go around these barricades as there will be heavy machinery and vehicles present while the work is on-going.

We will post updates concerning the status of work on the Dothan Leisure Services Facebook page as well as the Southeast Alabama Mountain Bikers Facebook page. If you have any questions, please contact Tyson Carter with Dothan Leisure Services at 334-615-3700.
